Fall 2012 Academic Majors Fair
Thursday, September 13, 2012
11AM – 1PM   Willie E. Gary
Student Center Ballroom

Why Should I attend?

Information puts you in the driver’s seat of success and choosing a major is one of the most important decisions you will make as a college student. Come find out about all that Shaw University has to offer. The Majors Fair is an excellent opportunity for students to be introduced to the numerous academic programs and opportunities at Shaw University. Academic departments provide representatives and conduct presentations and discussions about their academic programs and academic support services.

Who Should Attend?

While this event is a mandatory FRS 111 activity for all Freshmen, all students are encouraged to attend.

What can I do?

Ask department representatives questions like:
- What career opportunities are available for my major?
- What are the requirements for a particular major or minor?
- Who are the academic advisors for a major or minor?
- What recommended electives are available?
- What is the required GPA to get into a particular major?
- What are the advantages of having minors, secondary majors, or participating in internships?
- Are there departmental, professional or student organization I should join once I choose a major?
- Does your department or program offer internships, student leadership development or other special opportunities?
- What are the career options for a particular passion or interest?
- How do I change my major?
- What types of tutorial or student support services do you provide?
