This chart represents the Shaw University faculty, staff, or students with confirmed cases of COVID-19. These individuals have potentially been on campus recently and might present a risk to those on campus. We have notified any known individuals in contact with those testing positive. Shaw updates this chart every Monday.

Shaw University continues to monitor and implement COVID-19 precautions based on the guidance from the CDC and NC DHHS.

Shaw University does not report those self-quarantining without a confirmed diagnosis or those who have not reported to campus in the past 14 days.

Shaw University respects individual private health information. Therefore, we will not identify employees or students diagnosed with COVID-19. As required, the university follows confidentiality guidelines and directives set forth in the Family Educational Rights and Privacy Act (FERPA) and Health Insurance Portability and Accountability Act of 1996 (HIPAA).
