

Emotional Assistance Animal Registration Form

Individuals approved through Disability Services to have an **Emotional Assistance Animal** in their university residence should complete the Emotional Assistance Animal Registration Form and provide required documentation as indicated a minimum of 30 days prior to the start of the semester, or in conjunction with an application to live in University Housing according to the dates set by Residence Life. This form should be updated annually or whenever there are any changes to information in regards to the Emotional Assistance Animal.

I have read and understand the Shaw University EAA Policy, and by my signature below I agree to follow the policy (as attached) throughout my time at Shaw University. I understand that an EAA is only approved to be in my own residence and is not to be taken into other public buildings or venues on campus. I understand that significant disruption, animal neglect or abuse, or repeated violation of policy may result in permission being revoked and that I will be held responsible for any damages or injury for which my animal is deemed to be responsible.
